Knowledge for a
Clean Energy Future
Newsletter n° 6 2019

Enel Foundation is a non-profit organization.

Enel Foundation focuses on clean energy's crucial role in ensuring a sustainable future for all. We conduct research and education exploring the implications of global challenges in the energy domain. We operate in partnership, at the intersection of business and society leaving no one behind in the energy transition.

Open Africa Power 2020: Call for applications

Enel Foundation announced the launch of the Open Africa Power 2020 call for applications and confirmed the new edition will start in February 2020. The call for applications is open from Oct 1st to Oct 31st to high-profile African students undergoing or having completed Master's, MBA or PhD studies in African universities. The third edition of the flagship training initiative will host its African residential module in South Africa, in partnership with the Graduate School of Business at the prestigious University of Cape Town.
